

## CIDER VINEGAR POWDER

# From apple cider to superfood

Used in healing preparations for at least 5000 years, apple cider vinegar remains one of today's most sought-after 'superfoods'. Benefits range from help with weight loss to lowering blood pressure and stabilising blood sugar. ECD Ingredients uses fully traceable UK Cider Vinegar and also the UK Raw version, complete with its "mother" element (a potent bouquet of proteins, enzymes and good bacteria). Using a state-of-the-art drying process, we convert these into high-quality powders that retain all the flavour of the original.

### KEY APPLICATIONS

- Snack Seasonings
- Coatings
- Dry Soup Mixes
- Dry Soups
- Dry Sauces
- Seasoning Blends
- Nutritional Blends and Supplements

### KEY FEATURES & BENEFITS
