

MICROENCAPSULATED FLAXSEED OIL POWDER

Flaxseed – The Future For Fitness

Microencapsulated flaxseed oil powder is a powerful vegan source of Omega-3 which supports body and brain function.

Flaxseed has an impressive array of benefits which can help you to achieve your fitness goals and holistic bodily health. This natural source of Omega-3 and fibre optimises your health and improves cardiovascular health as well as aiding healthy weight management by reducing body fat.

Our microencapsulated flaxseed oil powder is designed to meet the nutritional, quality and manufacturing requirements of active and sports supplements and contains up to 70% Flaxseed Oil.

This Microencapsulated Flaxseed Oil Powder from ECD:

- contains a natural and vegan source of Omega-3 – an essential fatty acid
- is micro encapsulated to protect against oxidation
- is free flowing, easy to add to any powder blend
- is manufactured in a convenient form, making it easy to add to shakes

ECD's water soluble, cold-pressed flaxseed oil powder gives manufacturers of powder-based nutrition the opportunity to easily add flaxseed oil and a vegan source of Omega-3 and Vitamin E to their products.

KEY FEATURES & BENEFITS

- Made with up to 70% pure, cold-pressed, and sustainably sourced flaxseed oil
- Flaxseed oil contains alpha-linolenic acid (ALA), a form of Omega-3 fatty acid that is only converted in small amounts to active forms of Omega-3, like EPA and DHA
- High in fibre
- Pro keto
- May benefit cardiovascular health
- Supports healthy weight management by reducing body fat
- Manufactured in the UK, in-house at ECD's GMP, BRC accredited spray drying site
- Vegan source of Omega-3 – ideal if you are not getting enough DHA and EPA in your diet. Most guidelines recommend at least 1,600 mg of ALA Omega-3 fatty acids daily for men and 1,100mg for women
- Source of Vitamin E
- Controlled release and fully water dispersible

KEY APPLICATIONS

- Meal replacement powder blends
- Active lifestyle and sports nutrition products
- Tablets and capsules
- Savoury nutritionally complete meals
- Powder beverage mixes
