

## SUNFLOWER OIL POWDER

### The Brighter Choice

ECD Spray Dried Sunflower Oil Powder is made in the UK from up to 70% pure sunflower oil.

Its high oleic acid makes sunflower oil powder a concentrated source of 'good' fat packed with nutrients, and a heart-healthy alternative to saturated fats. It is the perfect choice for health-oriented consumer products, and is certified vegan. Long shelf-life makes this product ideal for storecupboard ingredients.

ECD manufactures this product at its own state-of-the-art, dairy-free spray drying facility at Ebbw Vale right here in the UK. That means a dedicated supply chain guaranteeing consistent traceability, quality, continuity and oversight.

#### KEY FEATURES & BENEFITS

- Made from up to 70% Pure Sunflower Oil
- Made at ECD's dairy-free spray drying site in the UK, to guarantee supply quality, oversight and ease of audit
- High Oleic acid content provides nutrient-dense, monounsaturated fat source
