CANADIAN MAPLE SYRUP POWDER

Natural sweetness with rich maple flavour

With the growing interest in natural food products, ECD Ingredients is pleased to announce the re-introduction of Maple Syrup Powder to its range of ingredients.

Our Maple Syrup Powder is a natural source of energy that can be used as a pre-workout boost or to help with recovery. It's full of simple carbohydrates that are quickly converted into glucose, which provides a burst of energy.

Our Maple Syrup Powder is made with 100% Canadian Maple Syrup retaining the characteristic flavour profile of maple syrup.

Using an advanced spray drying process, ECD encapsulates the intense Maple Syrup flavour and health benefits of Canadian Maple Syrup into a free-flowing powder.

Everything from snack seasonings to supplements, and cold remedies to breakfast cereals, will be elevated with authentic Canadian Maple Syrup!
